Thanks Shawna,

We are dropping off 30 barricades this morning along Huron Church, that is the extent of our assets/equipment being used at this point.

Thank you,

Jim

Please include Environmental. They are providing barriers as well. I have copied Jim.

Thanks

All,

Emily has been tasked with putting together a list of any equipment, signs, barricades, barrels etc. that have been brought out to the Huron Church Protest. Can you please assist in providing her a spreadsheet of all of the equipment your area has brought out? It would only be stuff that remains on site as of now.

Emily – I will contact Pieracon to get their count.

Regards,

Roberta
